**Forward Looking Statement**

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and make informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

20 Today's customer seeks immersive experience and at Campus, we understand and enable our customers with accessibility underscored by our omni-channel presence.

MAKE THE MOVE. START A MOVEMENT.

MAKE THE MOVE. START A MOVEMENT.

In a world that thrives on progress and change, the power to make a difference lies within each of us. 'Make the move. Start a movement.' encapsulates the essence of taking that first step towards transformative action.

Every new path-breaking journey, no matter how long or challenging, begins with a single, courageous step. It's a step that defies the norm, challenges the status quo, and creates a trail for others to follow. The most extraordinary accomplishments start with a simple act of determination and the willingness to take that initial leap of faith. It is the boldness to venture into uncharted territories that sets pioneers apart.

But it doesn't stop there; it's just the beginning.

A spark starts a fire, a thought starts a revolution! Even the smallest action has the potential to create a significant impact.

At Campus, we embrace this spirit of movement, encouraging everyone to join us in revolutionising style, confidence, and self-expression.

Our shoes are not merely footwear; they are catalysts for change, empowering individuals to step into their true potential. We celebrate the power of movement. It's not just about physical motion but a profound force that propels us towards growth, achievement, and milestones.

In fact, we don't see ourselves as just a shoe brand; we are a lifestyle, and a mindset, which resonates with a vibrant youthful spirit. Our journey is fuelled by unstoppable energy, propelling us to push ourselves and kick beyond our reach.

We are driven by the unwavering belief that when we dare to dream, take action, and make the move, we can create extraordinary waves of transformation.

'Make the Move. Start a Movement.' captures the soul of our brand. We invite you to step forward, seize every opportunity, and create an inspiring movement that celebrates growth and achievement. **Campus is here to unleash your style, win every occasion, and inspire a generation to make their mark.**

Get ready to ignite your spirit, step into action, and become a catalyst for change. Let your every move be a testament to your determination and desire to make a lasting impact.

Together, let us continue to make strides, break barriers, and set new benchmarks. With Campus shoes, the possibilities are limitless, and the movement is unstoppable. Let's redefine the future and leave an indelible footprint on the world.

It's time to make the move and start a movement!

Uncompromising style. Unbelievable value.

Designs that create movements.

At Campus, we deliver new and differentiated offerings tailored specifically for the dynamic Indian market. Our agile, fashion-forward, and segmented approach allows us to curate product lines that resonate with the diverse preferences of our stylish customers.

With our keen eye for leading global fashion trends and an in-depth understanding of the Indian market and consumer behaviour, we are able to design the most sought-after styles worldwide, keeping up with the needs of the Indian feet. And we do that with speed to stay ahead of the competition. So, we can confidently say,

We are not only the largest and the fastest-growing, we are also the trendiest and the fittest, with the fastest shoe drop rate.

WHAT MAKES US TICK

Design capabilities that transcend boundaries

Our product innovation is fuelled by a perfect blend of in-house expertise and collaborations with global design consultancy networks. With a team of 50 highly experienced in-house designers and strategic design sourcing tie-ups, we have our fingers on the pulse of emerging international fashion trends. By customising these trends to suit the unique demands of the Indian market, we consistently deliver designs that captivate and inspire.

Guided by visionaries, inspired by trendsetters

Our partnership with renowned design consultancies not only guide us in identifying global styles, but also the latest trends in designing and manufacturing technologies. With these collaborations, our expertise extends to insights on raw material in the world of fashion, enabling us to create products that are not only visually stunning but also crafted with utmost care and quality.

Swift to market, ahead of the curve

We excel in short lead times, faster life cycles, and accelerated time-to-market for new product launches. From the moment an idea is conceptualised to its debut, our dedicated teams ensure that the entire process is streamlined within an impressive 60-90 days, making us the frontrunners in the industry.

Extensive range and unmatched value

Our product portfolio boasts an array of fashion-forward designs, captivating colours, and attractive pricing options for everyone and every occasion. By catering to the diverse preferences of our customer base, we enhance their experiences and provide them with a compelling value proposition.

Moving ahead with minimum risk

By closely monitoring the preferences and behaviour of our consumers and target audience, we mitigate the risks associated with launching products that may not resonate or meet their needs. Simultaneously, we safeguard against missing out on crucial fashion trends that could define the market.

QUALITY CONTROL

TO ENSURE SUPERIOR PRODUCTS, we follow excellent production norms and proper documented procedures. Numerous inspection and testing methods are carried out by our dedicated quality control team.

TO MAINTAIN CONSISTENCY throughout all batches of our products, including semi-finished and final goods, we also conduct routine product inspections and sample testing.

TO KEEP A CHECK ON OUR APPROVED SET OF RAW MATERIAL SUPPLIERS, we have developed stringent control measures. They must adhere to our internal standards, which are created to meet the demands of our diverse customers.

KEY OUTLINES OF OUR PRODUCT PORTFOLIO STRATEGY

**Flagship Collection**

Our Spring-Summer Collection (Feb/Mar) and Autumn-Winter Collection (Aug/Sept) are the cornerstone of our fashion-forward process. These two seasonal launches account for the majority of our annual designs, catering to our core business.

**Fast track design**

We excel at rapid design, development, and production outside of the traditional go-to-market process. We curate and introduce innovative concepts such as special drops, 173 exclusive collaborations, and channel partner exclusive merchandise. As an example, we curated Campus Globalgiri and Campus Crazies as exclusive launches for Flipkart's annual flagship sale, i.e. Big Billion Day, perfectly timed with the festive period in India from October to December. These initiatives are part of our special drops and limited-edition product design endeavours.

**In-season Replenishment**

Our ability to swiftly produce additional units of high-selling styles allows us to capture any increase in demand. We ensure that high-velocity pieces in our collection are readily available at any given time.

**Never Out of Stock**

We prioritise core replenishment of products to ensure that our evergreen models are consistently in stock. This involves identifying and manufacturing flagship products that maintain consistent demand across all seasons.

DESIGN INNOVATION

DESIGN LABORATORY

Our design and product development lab is equipped with cutting-edge tools and visual aids that enable 2D footwear design and provide cost predictions for production. Additionally, we offer a wide range of tools for embellishing footwear with various colours, patterns, and templates.

INTRODUCTION OF ADVANCED FEATURES

We continuously introduce multiple features across different price categories, including ones like shock absorption and reflect technology. This ensures that our products cater to emerging customer preferences and offer enhanced value for money.

DEMOCRATISING SUPER SNEAKERS

Campus has been at the forefront of bringing super sneakers to India at attractive price points. As part of our 'Global Giri 3.0' campaign, we unveiled the digital film 'Leave Your Mark,' which aimed to kick-start a larger movement to democratise global sneaker culture in India.

Experience the purchase journey

Today's customer seeks immersive experience and at Campus, we understand and enable our customers with accessibility underscored by our omni-channel presence. Our relentless focus on building and strengthening our omni-channel capabilities has become a catalyst for delivering an exceptional shopping experience to our valued customers and consequently, driving higher volumes of shoes sold.

With an expansive pan-India presence, we have strategically established our footprint across both traditional and modern sales channels. This integrated approach seamlessly integrates our brick-and-mortar stores with our online platforms, enabling us to offer a superior customer experience that transcends physical and virtual boundaries.

THE KEY E-ADVANTAGES ARE

Empowerment

Our omni-channel strategy enables our consumers to engage with our brand and products through their preferred channel, whether it's visiting our stores, exploring our website, or connecting with us through social media.

Exploration

Our omni-channel presence goes beyond just sales transactions. It serves as a gateway to discover the essence of our brand and explore the latest trends and innovations in footwear.

Experience

We ensure that every touch point provides a seamless and immersive experience. By embracing an omni-channel approach, we cover the entire consumer journey, encompassing **awareness >> research >> transaction >> fulfilment >> after-sales.**

Engagement

We are media agnostic, allowing us to engage with consumers through both virtual and physical interactions. This flexibility enhances the process of discovering, evaluating, and purchasing our products, resulting in an elevated shopping journey.

Enrichment

By leveraging the power of omni-channel, we create a harmonious blend of convenience, personalisation, and choice, enriching every step of the customer's purchase lifecycle.

Omni-channel facilitates sales through discovery for consumers. By providing a seamless experience across channels, we invite customers to delve into our captivating world, empowering them to make informed choices and find the perfect pair of Campus Shoes.

BUSINESS DRIVERS - OMNI-CHANNEL PRESENCE

D2C ONLINE

- Strong inter-play between Traditional Distribution & Modern D2C channels
- Our D2C channel has extensively complemented our trade distribution channel towards extending our pan-India reach. Especially D2C online, which is allowing us to generate sales out of new areas (case in point, South India) where we don't have an equally strong physical footprint and brand awareness
- Our D2C sales in South India will enable us to expand and grow our trade distribution network in South India in the future
- There is a significant ramp-up in online mix of revenue and we intend to focus on improving our online sales in the future, to reach a 50:50 mix
- We will continue our strategy of special drops, influencer-based consumer engagements, limited edition ranges, and specially manufactured ranges, for online channels as well as increased marketing focus on online channels

**CREATING A
MOVE-MENT.**

From concept to consumer. Delivering excellence.

Establishing ourselves as a dominant pan-India footwear brand requires that our superior product design and distribution capabilities must be complemented by a strong manufacturing and supply chain ecosystem. At Campus, we recognise this crucial link and have developed a vertically integrated manufacturing approach to drive this **movement**.

The vertically integrated manufacturing ecosystem is more than a system, it's a commitment to delivering exceptional footwear to our valued customers. Our strategic blend of in-house capacity and third-party manufacturing partners empowers us with the flexibility to excel in key areas of our operations. The core elements that make our vertically integrated manufacturing ecosystem a competitive advantage:

Quality control

With stringent quality control measures embedded in our manufacturing ecosystem, we maintain the highest standards throughout the production process. Our dedicated teams rigorously assess each step, from sourcing materials to final inspection, ensuring that every pair of Campus shoes meets our customers' expectations.

Cost control

Controlling costs without compromising on quality is a key driver of our manufacturing strategy. By integrating critical processes, we optimise efficiency and minimise expenses, enabling us to deliver exceptional value to our customers.

Time to market

Agility is essential as a competitive advantage. Through vertical integration, we achieve shorter lead times, accelerating our product development and launch cycles. This means we can swiftly respond to market trends, ensuring our offerings remain fresh and in-demand.

Ambitious Plans

In addition to our current capabilities, we have plans to expand our manufacturing footprint. This includes acquiring land and constructing new facilities to meet growing demands. Our goal is to achieve backward integration across various aspects of our manufacturing process, both organically and through strategic acquisitions.

Proficient Team

Guided by our experienced operational and management teams, we are well-positioned to identify, structure, execute, and seamlessly integrate acquisitions. This strategic approach allows us to continually strengthen our manufacturing ecosystem and drive sustainable growth.

TECHNOLOGICAL INNOVATIONS THAT REDEFINE COMFORT IN MOVEMENT

Whether it's elevating comfort, enhancing convenience, or prioritising performance and safety features that mitigate the risk of injury and damage, Campus embraces tech-driven innovations at the core of its product portfolio. Our focus lies in delivering innovations that elevate flexibility, speed, and user safety, ensuring complete toe-to-heel protection paired with unparalleled comfort with Nitrofly, Nitroboost and Air Capsule Pro technologies. Some of these include:

Air Capsule Pro

An innovative Air Capsule at the heel area which absorbs impact forces when the foot strikes the ground. These are designed to provide impact cushioning at the heel area protecting the muscles, joints and tendons.

Nitroboost

A technology to enhance the midsole cushioning. Nitroboost midsole is made up of small pellets (ETPU) which are fused together to create a midsole that is lightweight, durable, and responsive. When your foot strikes the ground during running or walking, the specialized midsole compresses to absorb the impact, and thereby provide high cushioning. As you lift your foot and move forward, the foam expands to return energy back to your foot, which propels you forward and helps you maintain your momentum.

FoamLite

FoamLite

A high rebound foam designed to provide new levels of energy return and comfort which is substantially more than normal EVA sole.

Nitrofly

Excellent cushioning system based on Nitrogen. Nitrofly foam has a unique cell structure which results in an ultra-lightweight midsole. Additionally, the midsole compresses on impact and helps the runner for high energy return than a normal EVA sole.

CAMPUS SHOE

INNOVATION IN MOTION

Building the brand, connecting with consumers

Campus Activewear has successfully transformed its marketing strategies from traditional trade-led approaches to consumer-focused initiatives. This transition has boosted brand acceptance and solidified Campus's market position. Embracing a holistic full-funnel marketing approach, Campus effectively engages consumers across various touchpoints, spanning from television to in-store branding.

Our marketing initiatives in the past year have been a 360 degree endeavour propelling us to achieve resounding success, resonating strongly with our target audience and garnering significant media mileage across platform.

WE ARE A FASHION & LIFESTYLE FOOTWEAR BRAND THAT OFFERS A DIVERSE PRODUCT PORTFOLIO FOR EVERY EVENT OF THE DAY, AND THAT TOO, FOR THE ENTIRE FAMILY, WITH A YOUTHFUL SPIRIT.

BRAND POSITIONING

With our innovative strategies, we continue to strengthen our brand positioning and engage with our target audience on a deeper level.

Aspirational yet affordable

We aim to generate an optimum blend of aspiration and value proposition, positioning Campus Shoes as the go-to choice for stylish and affordable sports and athleisure footwear.

Fashionable yet functional

We are changing the narrative of a shoe being merely a functional product to a fashionable statement, from merely a sports shoe brand to a fashion and lifestyle brand.

Special yet for all occasions

We are talking the language of shoes, raising shoe consciousness, and owning all occasions whether walking, running, dancing, working, or partying - and compliment them with the right pair of shoes.

Individual yet within the collective

We are giving expression to individuality not with a rebellious approach but like a cool buddy coach - celebrating self-expression, movement and fashion, and most importantly, youthful spirit.

Metro yet small town

We are capturing the imagination of not only the metro audience looking for stylish shoes but also pervading into small-town India which is increasingly becoming fashion-conscious.

BRAND AWARENESS

With our consumer-centric strategies, we continue to expand our brand awareness, and increase brand recognition and recall.

Multiple touch points

Moving away from only traditional trade-led marketing, we are blending it with a direct-to-consumer approach, aiming to interact with our customers at multiple touch points where they discover our brand and explore our product offerings. This shift allows us to establish a deeper connection with our audience, understand their preferences, and create personalised experiences.

Marketing campaigns

To ensure the success of our marketing initiatives, we collaborate with leading advertising and media planning agencies. Their expertise helps us craft compelling messages, target specific consumer segments, and increase brand loyalty. Together with our internal team, we strive to deliver marketing campaigns that engage, inspire, and drive brand recognition.

Meaningful connections

In addition to our strategic partnerships and targeted marketing efforts, we leverage topical events and festive occasions to enhance our brand narrative. By incorporating emphatic storytelling that emphasises friendship, sharing, and the joy of festivals, we create meaningful connections with our consumers and reinforce our brand values.

The distinctive and stylish billboards were recognized with the Best Outdoor Plan award at e4m NEONS 2022, solidifying Campus's prowess in creating impactful OOH activations.

Campus Motomania Collection

While not a traditional marketing campaign, the launch of the exclusive Motomania shoe collection exemplified Campus's adeptness at leveraging PR and influencer engagement. This product launch, designed for modern-day bikers, saw collaborations with Motovloggers and motorcycle influencers. The range received extensive coverage in regional print media, effectively capturing the attention of the target audience.

CASE STUDIES/CAMPAIGNS

Global-Giri Flipkart Campaign

1. **WHAT'S YOUR MOVE (2021):** Campus Activewear's "What's Your Move" campaign, launched in 2021, marked a pivotal shift in the brand's marketing approach. The campaign showcased the Global Giri 2.0 collection and aimed to resonate with the aspirations of young Indians with global inclinations. Notably, the campaign featured a TVC shot in Istanbul, capturing Campus as a dynamic global brand. The campaign was further enriched by the musical genius of Dub Sharma, renowned for his association with 'Gully Boy'.

Key Features:

- 400 High-impact outdoor billboards at high traffic spaces across 20+ cities
- Engagement with social media influencers
- Online advertisements on websites and social platforms

2. **LEAVE YOUR MARK (2022):** The 'Leave Your Mark' campaign was a fitting follow-up to the success of the previous year. Anchored by the launch of the Global Giri 3.0 range, this campaign showcased Campus's commitment to maintaining momentum and engagement. A powerful collaboration with rapper Tsumyoki brought a musical dimension to the campaign, resonating deeply with the youth. The Leave Your Mark campaign was a digital-heavy mega campaign that ingeniously harnessed the power of digital mediums to engage a wide audience.

Key Features:

- The release of a music video that spotlighted Campus's Global Giri 3.0 collection
- Extensive presence on social media platforms, resulting in over 16 million impressions
- A convergence of online and offline strategies for heightened consumer engagement

MERCHANDISING

Embracing the power of digitisation

Our commitment to placing the customer first drives every aspect of our business model. We analyse, design, develop and deliver our products keeping the consumer at the forefront.

Taking this a step further, we have embraced the transformative power of digitisation; revolutionising our sales process, harnessing consumer and channel insights, resulting in better demand forecasting and faster time to market.

Digitisation of our sales process enabled us to deliver exceptional products with unmatched speed and precision.

OUR COMMITMENT TO DIGITISATION HAS EMPOWERED US TO CATER TO OUR CONSUMERS' EVOLVING NEEDS WITH UNMATCHED SPEED, PRECISION, AND MARKET INSIGHTS. BY HARNESSING THE POWER OF TECHNOLOGY, WE ARE POISED FOR CONTINUED GROWTH AND SUCCESS IN THE EVER-EVOLVING FOOTWEAR INDUSTRY.

KEY TENETS OF OUR DIGITISATION STRATEGY

Understanding our core target market

We recognise that consumers in the 14 to 35 age group holds significant influence in the sports and athleisure footwear market, representing 44% of the industry in India as of FY20*. By closely tracking our target market and consumers, we mitigate the risk of launching the wrong products or missing out on important product trends. Our nimble and agile product development cycle, supported by a data-centric approach, ensures shorter time-to-market and keeps us ahead of the curve.

*(Source: Technopak Report)

Leveraging data-driven insights

Our data-centric approach revolves around the collection and analysis of multiple data points from our digitised sales and distribution network. By harnessing this data, we gain valuable insights into consumer demand trends, design preferences, colour choices, response to new designs, and price movements. This continuous evaluation empowers us to forecast future consumption patterns, tailor our offerings, and plan production accordingly. It's a virtuous flywheel effect that drives our success.

Enabling a seamless sales process

To streamline our operations, we have implemented a range of digitisation initiatives, including enterprise resource planning (ERP), distribution management system (DMS), field force management, point-of-sale (PoS), e-commerce order management (OMS), and retailers' engagement applications. These advanced systems provide real-time information, optimising various functions such as procurement, inventory management, production planning, sales and distribution, quality control, and human resources. With enhanced visibility and connectivity, we make informed decisions and efficiently manage performance.

Empowering our sales force

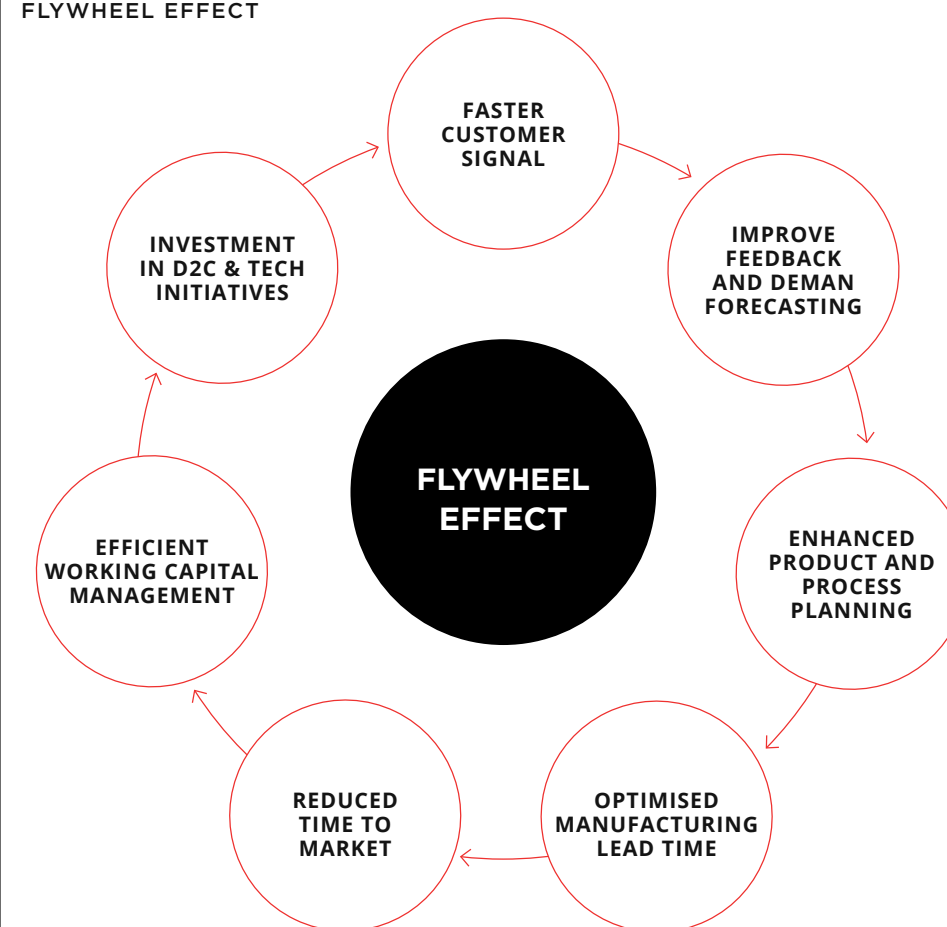

Our sales force plays a pivotal role in our success, and we have equipped them with cutting-edge tools for enhanced efficiency. Through our field force management system, we have gained complete visibility of sales staff activities, improved beat planning, acquired new retailers, and enabled effective distribution management. The implementation of GPS technology ensures comprehensive sales network coverage, further expanding our reach across India.

APPROXIMATELY 7,900 RETAILERS ARE COVERED THROUGH OUR DISTRIBUTOR 'FEET ON STREET' INITIATIVE.

Seizing opportunities for growth

Looking ahead, our digitisation efforts will continue to strengthen our product focus and nurture our relationship with distributors and retailers. By leveraging technology, such as DMS for secondary sales and inventory visibility, and retailers' engagement application for continuous demand, we aim to establish a sustainable demand model. Additionally, our focus on field force automation and constant engagement with end-retailers will drive sales and channel loyalty.

NAMASKAR,

ABOUT 18 YEARS AGO, WE STARTED ON A JOURNEY WITH JUST A DREAM TO PUT STYLISH SHOES UNDER EVERY INDIAN'S FEET, ARMED WITH INNOVATION, AFFORDABILITY AND UNIQUE DESIGNS. AS WE STAND TODAY, WE HAVE CREATED INDIA'S FASTEST GROWING SPORTS AND ATHLEISURE FOOTWEAR BRAND. I WANT TO EXPRESS MY UTMOST GRATITUDE TO EVERY INDIVIDUAL WHO IS PART OF CAMPUS, AS IT IS YOUR UNWAVERING DEDICATION AND COLLECTIVE EFFORTS THAT HAVE BROUGHT US THIS FAR AND MADE OUR SUCCESS POSSIBLE.

Yearly performance

As we conclude another eventful financial year, I am pleased to present to you the highlights and achievements of Campus Activewear in FY23 through this annual report. It has been a year of perseverance and resilience as we navigated through the inflationary macro environment and demand

contraction witnessed in the rural and semi urban areas. Despite these headwinds, I am delighted to share that our annual performance has been in line with our growth expectations, demonstrating the strength of our brand and the unique positioning of our business model.

WE SOLD OVER 23.5 MILLION PAIRS OF CAMPUS SHOES IN FY23, REPRESENTING A VOLUMETRIC GROWTH OF 22% COMPARED TO THE PREVIOUS YEAR. OUR FOCUS ON EXPANDING OUR REACH AND ENHANCING CUSTOMER EXPERIENCE HAS YIELDED POSITIVE RESULTS, WITH BOTH TRADE DISTRIBUTION AND D2C CHANNELS EXPERIENCING PROFITABLE GROWTH OF 10% AND 48%, RESPECTIVELY.

In FY23, we recorded a significant milestone with Revenue from Operations reaching ₹ 14,843 million, marking a YoY increase of nearly 24% compared to the previous reporting year. Our EBITDA margin experienced a slight compression to 17.3% due to sustained investments in human capital, brand building, and retail network expansion, we anticipate generating positive operating leverage in the coming year as business is generated out of these investments. Despite these investments and a challenging macro environment, our net profit for FY23 amounted to ₹ 1,171 million, reaffirming our commitment to maintaining a healthy margin profile.

Both our trade distribution and direct-to-consumer channels have delivered commendable performance during the year, achieving an aggregate growth of 24% overall. This achievement is a testament to our strong market presence and the enduring demand for our products. We sold over 23.5 million pairs of Campus Shoes in FY23, representing a volumetric growth of 22% compared to the previous year. Our focus on expanding our reach and enhancing customer experience has yielded positive results, with both trade distribution and D2C channels experiencing profitable growth of 10% and 48%, respectively.

I am also pleased to highlight that our balance sheet demonstrates

a position of strength, with a strong capital structure and robust return ratios such as ROCE and ROE standing at 23% and 24%, respectively, underscoring the capital efficiency of our business model. This reaffirms our commitment to sustainable growth and the efficient utilisation of our resources.

Product portfolio

In line with our vision to create India's leading sports and athleisure footwear brand, we made significant strides in enhancing our product portfolio. FY23 witnessed a noteworthy enhancement of our product innovation and design capabilities, allowing us to introduce premium offerings at higher price ranges. Premiumisation remains a key trend for Campus, and we will continue to focus on value-added products, differentiated offerings, and elevated customer experiences through state-of-the-art EBOs and other initiatives.

We also took proactive measures to address market challenges, including corrective actions across pricing, product offerings, trade channels, and different markets. While we maintained pricing in our legacy portfolio, we introduced new products aligned with the current pricing dynamics of the market. These efforts have enabled us to remain agile and adapt to the changing needs of our discerning customers.

Way forward

As we move further, our focus remains on consolidating our position in existing trade channels. We also aim to increase wallet share and sales at each touch point, along with expanding the number of distributors. We continue to secure more shelf space and maintain strong relationships with our trade channel partners. Our commitment to product development and innovation is another key driver of our success. With one of the largest R&D teams for S&A footwear in India, we are well-equipped to create the right products for the right markets, catering to the evolving needs of our diverse customer base.

Another important development in FY23 is the announcement of implementation of the BIS quality control standards in the footwear industry by the authorities which will advance the organised industry. This move will ensure that customers receive quality products, discouraging the import of sub-standard and cheaper alternatives. As a frontrunner in the organised footwear space, Campus is well-positioned to benefit from this development.

Looking ahead, we are prepared to adapt and respond to market conditions. Our priority is to offer the right products to our consumers at the right price points, ensuring the best value proposition and sustaining our relevance in the business. Deeply thankful to all our team members, business partners, investors, customers, and all other stakeholders for their unwavering support and commitment throughout this journey.

WARM REGARDS,

HK Agarwal

MANAGING DIRECTOR

Building the most aspirational indigenous brand

DEAR ALL,

I TRUST THIS LETTER FINDS YOU WELL AND EXCITED FOR THE FUTURE. AS WE CONCLUDE ANOTHER EVENTFUL YEAR FOR CAMPUS ACTIVEWEAR, I AM THRILLED TO SHARE WITH YOU THE REMARKABLE PROGRESS WE HAVE MADE AND THE EXCITING TRENDS THAT LIE AHEAD. FY23 HAS BEEN A TRANSFORMATIVE YEAR FOR US, MARKED BY GROWTH, INNOVATION, AND OUR UNWAVERING COMMITMENT TO MEETING THE NEEDS OF THE YOUNG INDIAN CONSUMER.

FY23 highlights

The year was pivotal in our journey to create India's leading sports and athleisure footwear brand, and dare I say, the most aspirational indigenous brand too. Well, I am delighted to report that our performance has remained buoyant across key sales channels. Both our D2C and Trade Distribution segments delivered in line with

our expectations, especially in the current context. The trade distribution segment surpassed ₹ 8,130 million milestone, while the D2C channel exceeded ₹ 6571 million in revenues. Our goal is to further enhance our omni-channel presence to provide the ultimate experiential journey to the discerning Indian consumer.

IN FY23, WE SIGNIFICANTLY ENHANCED OUR PRODUCT INNOVATION AND DESIGN CAPABILITIES, ENABLING US TO INTRODUCE PREMIUM OFFERINGS AT HIGHER PRICE RANGES. THIS STRATEGIC FOCUS ON PREMIUMISATION HAS YIELDED POSITIVE RESULTS, POSITIONING CAMPUS AS A BRAND OF CHOICE AMONG DISCERNING CONSUMERS.

Looking ahead to FY24, we anticipate a resurgence in the trade distribution channel, supported by improvements in the macro environment and further traction on our D2C due to increased brand awareness.

Despite the challenging macroeconomic conditions like heightened inflation and lower discretionary spending during the year, our core target audience, comprising 18 to 34-year-olds, continued to exhibit strong demand for our products. Campus Shoes has become synonymous with quality, style, and affordability, among college-goers and first-jobbers. We take pride in catering to the aspirations and preferences of this dynamic consumer segment, in both metro as well as growing fashion-conscious tier-2 and tier-3 cities.

Strategic moves

In FY23, we significantly enhanced our product innovation and design capabilities, enabling us to introduce premium offerings at higher price ranges. This strategic focus on premiumisation has yielded positive results, positioning Campus as a brand of choice among discerning consumers.

We witnessed a very good off take of Campus in the premium category especially from ₹ 1,000 to ₹ 3,000 where we gained a significant revenue share as compared to last year. Our ASP also grew marginally by 2% from ₹ 620 to ₹ 631 in FY23.

Our commitment to premiumisation is further illustrated by the significant number of styles we plan to launch in the ₹ 2,000+ category. These launches will allow us to strengthen our presence in a higher-value customer base, supported by our exclusive and growing EBOs, elevating the customer experience and reinforcing our position as a leader in the sports and athleisure footwear segment.

Driving innovation and diversifying product portfolio

Emphasizing our commitment to democratizing global sneaker culture, we proudly introduced the Global Giri 3.0 shoe range, an iconic line of super sneakers accessible to all. Our dedication to innovative designs came to life through the introduction of various new ranges, such as the edgy OGs collection, the adrenaline-pumping Motomania tailored for bikers, and the vibrant Tie-N-Dye assortment, each release showcased our commitment to offering stylish and fun footwear that resonates with our customers.

Moreover, we are actively tapping into various sub-segments and sub-consumer segments, leveraging different categories of products and influencer collaborations. By effectively reaching different target audiences, we are moving closer to our goal of 'stylish shoes for every Indian feet'. Our marketing spends are being strategically allocated towards digital influencers and community building, allowing us to connect with our customers on a deeper level.

We are also exploring the right kind of celebrity endorsements, including sports leagues, to amplify our brand presence and reach. Recently,

₹631

OUR ASP GREW marginally BY 2% FROM ₹ 620 TO ₹ 631 IN FY23.

₹2,000+

OUR COMMITMENT TO PREMIUMISATION IS FURTHER ILLUSTRATED BY THE SIGNIFICANT NUMBER OF STYLES WE PLAN TO LAUNCH IN THE ₹ 2,000+ CATEGORY.

WITH OUR EYES ON THE FUTURE, WE ARE UNLEASHING OUR BRAND POWER AS A YOUTH BRAND, INCREASING SHOE CONSCIOUSNESS, AND OWNING ALL EVERYDAY OCCASIONS. WE WANT TO BE A BRAND THAT BRINGS FASHION FOR YOUR FEET AND WE WISH TO BE IN THE HEART AND SOLE OF EVERY INDIAN!

we also collaborated with the renowned celebrity shoe artist Courtside for the #CampusSolemate campaign, celebrating inimitable love stories by immortalizing them on our shoes.

In terms of our retail presence, we have focussed on consolidating our position in existing trade channels. Along with increasing the number of distributors, we aim to increase wallet share and sales at each touch point. This approach has resulted

in successful additions to our active styles and new product designs. We continue to maintain the highest shoe drop rate in our category with an expansive portfolio of over 2,500+ active styles and a record 2,800+ designs launched between FY19 and FY23 including 300+ new designs launched in FY 22-23. Our recent milestone achievement of opening our 200th store in Lulu Mall, Kochi, signifies our commitment to expanding our retail footprint in key markets.

Outlook

With our eyes on the future, we are unleashing our brand power as a youth brand, increasing shoe consciousness, and owning all everyday occasions. We want to be a brand that brings fashion for your feet and we wish to be in the heart and sole of every Indian!

We remain determined to achieve a balanced channel mix of 50% Trade Distribution and 50% D2C over the next couple of years. As part of this journey, we merged our subsidiary Company, Campus AI, expanded our presence in South & West India, and embarked on brand collaborations, aligning with our brand pillars of affordability, comfort, and trendiness.

In closing, I want to express my sincere appreciation to our shareholders, partners, and employees for their unwavering support and dedication. It is your relentless commitment that drives Campus forward, propelling us to achieve new milestones and exceed expectations. Together, let us make the move and start a movement that shapes the future of the Indian sports and athleisure footwear industry.

Smiles to go before we sleep

We believe in the power of giving back to society. Our Corporate Social Responsibility (CSR) activities are at the core of our values, as we strive to make a positive impact on the communities we serve. Through collaborative efforts and meaningful engagement, we aim to create a better future for all.

OUR CSR INITIATIVES IN FY23 WERE PRIMARILY FOCUSED ON MAKING A POSITIVE IMPACT IN AREAS SUCH AS SPORTS, EDUCATION AND HEALTH.

Sports

Empowering Indian Athletes

Campus Activewear acknowledges the untapped potential within India's sports community and wholeheartedly embraces the responsibility of empowering aspiring athletes to conquer the global stage.

We have partnered with Olympic Gold Quest (OGQ), a specialised programme under the Foundation for Promotion of Sports and Games (FPSG) to foster the growth of Indian sports.

Together, we strive to bridge the gap between India's top athletes and the world's best. Our shared vision revolves around identifying exceptional talent and providing them with the necessary resources and support to excel at the international level.

Through a CSR grant shared with OGQ, we have effectively supported 68 promising athletes across eight diverse disciplines - Shooting, Badminton, Archery, Boxing, Wrestling, Weightlifting, Table Tennis, and Athletics.

United by a common objective, we dream of creating a future where home-grown brands proudly take the centre stage, offering the same recognition and pride as international brands do for athletes from all nations.

This ambition drives our narrative of resilience, passion, and the unwavering pursuit of Olympic and Paralympic gold medals.

Empowering education

As an integral part of the NIPUN Bharat Mission, Campus Activewear has joined hands with Central Square Foundation (CSF), a renowned education organisation in India.

Together, we are committed in terms of ensuring that every child in our nation achieves reading proficiency and acquires essential math skills by Grade 3.

Through the combination of our expertise, resources, and shared passion for education, we prioritise academic collaterals, teacher training, and technology-driven solutions. Our goal is to lay a strong foundation for the educational growth and success of young learners, contributing to a brighter future for our country.

Our collaboration with CSF focusses on making a significant impact on learning outcomes in Uttar Pradesh.

In our ongoing efforts to empower the younger generation, we have formed a meaningful partnership with Vishvas, a non-profit organisation (NPO).

Through this collaboration, we provide uniforms and books to Vishvas Vidya Mandir, enabling students to have access to essential educational resources. Additionally, we have contributed desktop computers to enhance the educational environment at the Vishvas Computer Centre.

These initiatives align with our commitment to equip young individuals with the necessary tools for their educational journey, fostering a conducive learning environment, and paving the way for a promising future.

Caring for health

At our core, we believe in prioritising the well-being of those who contribute to our progress and success. With this unwavering commitment, we are pleased to continue our valuable partnership with Paryas Society.

With this collaboration, we ensure support and access to vital healthcare services through the provision of a Mobile Medical Unit in the challenging terrains of Himachal Pradesh.

This initiative has had a profound positive impact on the local population, especially in the hilly regions, where essential healthcare is often hard to reach. In addition, we take pride in our support for Vishvas, a charitable non-profit organisation.

We assisted them in acquiring a Refractometer for their eye care centre. This collaboration aims to enhance their capabilities in providing comprehensive eye care services to those in need.

Through active engagement in these initiatives, we fulfil our role in promoting the welfare of society, prioritising health and well-being of individuals, and fostering positive change within the communities we serve.

We've received recognition for our efforts, which motivates us to keep getting better.

Management Discussion and Analysis

GLOBAL ECONOMIC REVIEW

Since 2020, the global economy has experienced turbulence on account of multiple unforeseen events. It began with the pandemic-induced contraction of global output, followed by the Russia-Ukraine conflict, which resulted in a global surge in inflation. In response, central banks worldwide, led by the Federal Reserve, implemented coordinated policy rate hikes to mitigate inflationary pressures.

The rate hike by the US Federal Reserve prompted capital inflows into the US markets, leading to the appreciation of the US Dollar against most currencies. Consequently, Current Account Deficits (CAD) widened, and inflationary pressures

increased in net importing economies. The rate hike, coupled with persistent inflation, resulted in the International Monetary Fund (IMF) lowering its global growth forecasts for 2022 and 2023 in its October 2022 update of the World Economic Outlook. Weaknesses in the Chinese economy further contributed to the downward revision of growth forecasts.

Based on the IMF's World Economic Outlook (WEO) report from April 2023, it is projected that global economic growth will slow down from 3.4% in 2022 to 2.8% in 2023, with a modest recovery to 3.0% in 2024. In 2022, global inflation reached its highest level in several

decades, standing at 8.7%. This was primarily driven by pent-up demand, prolonged disruptions in the supply chain, and increases in commodity prices. Consequently, central banks swiftly implemented tighter monetary policies to address inflation and maintain inflation expectations within their targets. The report suggests that global inflation is expected to moderate to 7.0% in 2023 and further decrease to 4.9% in 2024. Throughout the year, the momentum of growth noticeably weakened in the United States, the European Union, and other developed economies, adversely affecting the rest of the global economy.

Outlook

The IMF's pessimistic outlook reflects the urgent need for stringent policy measures to combat inflation, as well as the negative impact of deteriorating financial conditions, the ongoing conflict in Ukraine, and the expanding fragmentation of global economic relationships. The risks associated with this outlook are predominantly skewed towards the downside, with a significantly increased likelihood of a severe economic downturn. Policymakers find themselves navigating a narrow path where they must seize opportunities while minimising risks. Central banks must maintain their firm anti-inflation stance while remaining prepared to adapt and employ their full range of policy tools, including addressing concerns related to financial stability as circumstances dictate. Fiscal policymakers should complement the actions of monetary and financial policy makers by supporting efforts to bring inflation back to target levels while safeguarding financial stability. Progress towards establishing a more resilient global economy necessitates collaborative efforts through multilateral cooperation, such as strengthening the global financial safety net, mitigating the costs of climate change, and minimising the adverse consequences of economic fragmentation.

INDIAN ECONOMIC OVERVIEW

The Indian economy, however, has demonstrated its ability to rebound from the impact of the pandemic, surpassing many nations by achieving a complete recovery in FY22 and positioning itself for a return to pre-pandemic growth levels in FY23.

Despite this progress, India has faced the challenge of managing inflation, which was further intensified by the European turmoil. Through government and RBI interventions, along with the easing of global commodity prices, retail inflation has been successfully brought below the upper tolerance target set by the RBI as of November 2022.

However, the depreciation of the rupee remains a persistent challenge, despite its relatively stronger

performance compared to other currencies. This challenge may be exacerbated by potential increases in policy rates by the US Federal Reserve. The current account deficit (CAD) may continue to widen due to elevated global commodity prices and the sustained growth momentum of the Indian economy. The loss of export stimulus is also a possibility, as the slowdown in global growth and trade reduces the overall size of the global market in the latter half of the current year.

Notwithstanding these challenges, global agencies consistently project India as the fastest-growing major economy, with a growth rate of 6.5-7.0% in FY23. These optimistic growth forecasts are partly driven by the resilience of the Indian economy, as witnessed by the resurgence of private consumption as a leading

driver of growth, effectively replacing export stimuli. The increase in private consumption has also stimulated production activity, leading to higher capacity utilisation across sectors. Moreover, it has contributed to employment generation, reflected in the declining urban unemployment rate and the accelerated net registration in the Employee Provident Fund.

This year has reinforced the country's confidence in its economic resilience. The Indian economy has successfully navigated the challenges posed by external imbalances resulting from the Russian-Ukraine conflict, all while maintaining its growth momentum. As expected of a nation of India's size, FY23 has seen a near recovery of what was lost, a rejuvenation of paused activities, and a re-energisation of sectors that experienced slowdowns during the pandemic and following the European conflict.

Outlook

FY24 is expected to witness robust growth as India experiences a dynamic credit disbursement and capital investment cycle, resulting in stronger balance sheets for corporate and banking sectors. The expansion of public digital platforms and the implementation of ground-breaking initiatives like PM GatiShakti, the National Logistics Policy, and Production-Linked Incentive schemes aimed at boosting manufacturing output will further contribute to economic growth.

Considering these factors, the Economic Survey forecasts a baseline GDP growth of 6.5% in real terms for FY24. This projection aligns closely with estimates provided by reputable international organisations such as the World Bank, the IMF, the ADB, and domestically by the RBI.

INDIAN FOOTWEAR RETAIL INDUSTRY OVERVIEW

India's domestic footwear retail industry, valued at ₹72,000 crores in FY20, is expected to grow at a CAGR of 8%, reaching ₹105,000 crores by FY25 (Source: Technopak Report). Over the period from FY15 to FY20, the Indian footwear sector experienced substantial expansion at a CAGR of nearly 9%.

Currently, men's footwear holds a dominant 48% market share, but women's footwear is anticipated to grow faster and achieve a nearly equal share in value by FY25. While casual footwear remains the largest category, sports and athleisure are among the fastest-growing segments, comprising over 67% of the entire market in FY20.

Due to COVID-19 related travel restrictions, the retail footwear market in India contracted by almost 33% in FY21. Nevertheless, a swift recovery is expected as the category is forecasted to grow at a remarkable CAGR of almost 22% between FY21 and FY25.

Organised footwear retail, including Exclusive Brand Outlets (EBOs), large format stores (LFS), and e-commerce, contributed 30% by value and 13% by volume to the overall footwear retail market in

FY20. Organised retail is predicted to grow at a faster pace of 13% over the next five years, outpacing the total category's growth rate.

The footwear category is characterized by significant branding, and by FY25, the branded segment is expected to equal the market share of the unbranded sector, with a value growth rate of 11% from FY21 to FY25.

As one of the world's leading producers and consumers of footwear, this industry provides employment to over 2 million individuals.

Our target segment is growing due to a combination of factors such as the transition from the unorganised to organised sector driven by enhanced preference for branded and quality footwear, increasing health awareness, rising levels of disposable income in India, favourable trends in Indian demographics such as increasing population of young adults, and the growing demand for women's footwear. We cover more than 85% of the total addressable market for sports and athleisure footwear in India as of FY21, which is the largest market coverage amongst key sports and athleisure footwear brands.

SEGMENTATION OF THE FOOTWEAR RETAIL MARKET IN INDIA

Customer demographic segmentation

Historically, men's footwear has been the dominant force in the Indian footwear sector, representing over 50% of the retail market by value until FY15. However, the men's segment has been growing at a slower rate compared to the women's and children's segments, which accounted for about 41% and 10% of the market, respectively, in FY20.

By FY25, the valuation of the women's section is projected to surpass that of the men's segment. The rise of the women's market will be driven by an increase in the proportion of working women and their discretionary income.

Usage segmentation

The Indian footwear retail industry comprises broad categories, including formals, casuals, sports and athleisure, and outdoor segments. Among these, sports and athleisure are the fastest-growing sectors, consistently increasing their market share, although casuals remain the largest segment, accounting for over 67% of the entire market in FY20.

Across various retail categories, such as food and grocery, clothes and accessories, electronics, health, fitness, and wellness, sports and athleisure footwear hold significant importance. Predictions indicate that sports and athleisure footwear will double in value from ₹11,000 crores in FY20 to ₹22,000 crores in FY25,

experiencing a noteworthy CAGR of 15% between FY20 and FY25. The overall footwear market is following a similar growth trend.

Retail channels

The retail footwear business is highly structured, with organised retail holding a 30% penetration rate. Organised retail is primarily defined by Exclusive Brand Outlets (EBOs) of top brands, along with Large Format Stores (LFSs) and other sizable Multi-Brand Outlets (MBOs). Additionally, the rapid emergence of e-commerce has become a significant driving force behind the expansion of organised footwear retail. The presence of value brands and the increasing penetration of EBOs in tier II, tier III, and lower towns, throughout the country are expected to further bolster the growth of the organised format.

Geographical segmentation

As the footwear market is mainly discretionary, urban India holds a significant share of 67% in the overall value of the Indian footwear market. Leading national and international brands dominate the market in the top 8 cities, including metro and tier II cities, which collectively account for 40% of the urban footwear market. The urban footwear market in tier II cities and below constitutes approximately 35% of the total, and it is anticipated to grow further with the increasing penetration of Exclusive Brand Outlets (EBOs) and online retail in these areas. Cities in Tier I, Tier II, and lower tiers are expected to witness growth, presenting new opportunities for retail establishments to thrive.

GROWTH DRIVERS

Expanding niches and occasion-specific segments

The demand for footwear has been fuelled by growing niches and sub-segments tailored for various occasions. Customers, especially in metropolitan areas, now own multiple pairs of shoes to match different outfits and events. Casuals and flats are favoured for daily wear due to their affordability and comfort, while office workers opt for professional shoes. Dress shoes, such as high heels and glittery shoes for women and classy loafers or moccasins for men, are preferred for outdoor gatherings or parties. Those leading an active lifestyle necessitate sports and athleisure footwear.

Shift in formal vs. casual and open vs. closed footwear

The COVID-19 pandemic has caused changes in customer purchasing habits across various market sectors, including FMCG, personal care, apparel, and footwear. A heightened focus on health and fitness has led to an increased demand for sports and athleisure footwear. Running shoes have emerged as one of the most sought-after items in the sports footwear category. There has also been a transition from formal to informal sports footwear, evidenced by the popularity of walking and running shoes. In the men's and children's categories, open footwear holds a relatively small share, while in the women's casual and formal footwear markets, it remains dominant. Closed shoes, on the other hand, command a higher realisation compared to open shoes, which are generally priced lower.

Footwear as a fashion statement

Footwear has evolved from being utilitarian to becoming fashion statements. It is no longer just a necessity for feet protection but an essential component of fashion outfits. Alongside clothing, footwear and accessories play a pivotal role in creating a complete look. This trend has driven continuous growth in both footwear volume and the average selling price. Sneakers, in particular, have become style items and symbols of identity, youth culture, and fashion, forming the foundation of what we now recognise as sneaker culture.

Women segment

The women's segment is on the rise, in tandem with the increasing number of women joining the workforce. As more women are working and family earnings are rising, the demand for women's footwear has witnessed a significant surge. Additionally, the growing number of celebrations has further contributed to this upward trend.

Between FY15 and FY20, the women's footwear market share increased from approximately 37% to about 41%. This growth is projected to continue at an impressive rate of 9%, outpacing the overall category's growth. By FY25, women's footwear is expected to account for approximately 44% of the global footwear market.

Also, women's footwear offers a diverse range of niches compared to men's footwear, which necessitates a wider variety of styles to cater to different preferences and occasions.

PREMIUMISATION

Premiumisation has been a driving force behind the rise in the average selling price of footwear in India over the past decade. This shift in customer preference towards more luxurious and expensive products has had a notable impact on the market. The mass sector (products priced under ₹500) constituted 56% of the overall footwear retail market in FY15; however, it is anticipated to decline to 51% by FY25.

The average selling price of a pair of footwear has experienced a steady CAGR of approximately 5% during this period. It has risen from ₹220 per pair in FY15 to ₹275 per pair in FY20, and it is projected to reach ₹345 per pair by FY25.

Several factors contribute to this trend, including consumers' increased brand consciousness, the availability of both domestic and foreign brands and private labels, rising income levels, and a significant upswing in the demand for high-quality footwear. All of these elements together have elevated the overall average selling price in the footwear industry.

COMPANY OVERVIEW

Campus ActiveWear is a fashion and lifestyle footwear brand that offers an extensive range of products catering to the needs of the entire family for every occasion throughout the day. Their footwear exudes a youthful and trendy vibe, making everyone feel stylish at all times.

The brand showcases global designs and provides a wide selection of styles, colour palettes, and price points, accompanied by an attractive product value proposition. In a segment largely dominated by international brands, the Company proudly stands as the largest established Indian Sports and Athleisure (S&A) footwear brand.

Having been listed on the bourses in 2022, the Company has been leading the S&A footwear market since 2005. With extensive market coverage, it has become one of the most sought-after brands in this segment, catering to over 85% of the total addressable market for S&A footwear in India. The Company continues to have the highest drop rate in the footwear category in India.

As India's largest and fastest-growing sports and athleisure footwear in terms of value and volume, the Company continues to solidify its position in the market.

OPERATIONAL HIGHLIGHTS

- In FY23, the Company registered remarkable volumes by selling more than 23.5 million pairs, marking a substantial volumetric growth of 22% compared to the previous year. This has been the highest ever volume in the history of the Company.
- Our trade distribution channel witnessed a growth rate of 10%, while our direct-to-consumer (D2C) channels soared with an impressive growth of 48%. Revenue from Operations in FY23 stood at ₹14,842.5 million as compared to ₹11,941.8 million, registering a growth of 24% year on year.
- Revenue contribution from Trade Distribution Channel for the year FY23 stood at 55.3%, while for D2C Channel it was 44.7%. Within D2C Channel, D2C Online stood at 37.5% of the total sales, and D2C Offline stood at 7.2% of the total sales for FY23.
- The premium category continues to gain good traction for the Company, as we experienced a healthy increase in demand for Campus Shoes in the price range of ₹1,000 to ₹3,000. This contributed to a notable rise in our revenue share within this segment, surpassing the performance of the previous year.
- Our Average Selling Price (ASP) exhibited a marginal increase of 2%, climbing from ₹620 to ₹631 in FY23. This growth signifies our ability to maintain competitive pricing while offering high-quality footwear to our valued customers, despite temporary macro headwinds.

2. During previous year, Inventory Turnover Ratio was presented in days.

OPPORTUNITIES

The Company foresees a favourable growth environment driven by external factors such as the buoyant Indian markets, growing domestic consumption, favourable government policies, as well as the inherent strengths of the Company like brand value, omni-channel presence, integrated manufacturing capabilities, and design and innovation capabilities.

As we continue to push boundaries, explore new markets, and cater to evolving consumer needs, we are ready to conquer new heights. The following key growth strategies and factors contribute to our optimistic outlook:

- The increasing inclination towards sports and physical activities presents a significant growth opportunity for Campus

Activewear, as our products cater to the active lifestyle needs of consumers.

- As a home-grown brand, we have the advantage of understanding and addressing the underserved demand in the market, addressing various market gaps, and capturing a larger share of the growing Indian consumer base.
- The shift from unbranded to branded footwear is an ongoing trend and we are well-positioned to capitalise on this shift by offering quality branded products that resonate with consumers.
- With the rising awareness of health and fitness, consumers are seeking appropriate footwear that supports their active lifestyle. Campus Activewear is poised to

benefit from this trend by offering comfortable and performance-driven footwear options.

- The ongoing shift from the unorganised to the organised sector in the footwear market creates an opportunity for Campus Activewear to capture a larger market share and establish a stronger presence. The enforcement of BIS quality control standards by the authorities creates a conducive environment for the organised industry, promoting the delivery of high-quality products to customers and discouraging the import of inferior and inexpensive alternatives.
- We will capitalise on our brand reputation and leadership position by catering to the specific

needs of women, children, and kids, further expanding our customer base.

- We will focus on expanding our footprint in the untapped markets of western and southern regions, tapping into new customer segments and geographical areas, while consolidating our position in the current strongholds such as northern India.
- We will enhance our omni-channel strategy, integrating online and offline channels to provide a seamless and convenient shopping experience for our customers.
- We will continue to emphasise premiumisation across our product segments, offering high-quality and premium products to cater to the growing demand for elevated footwear options.
- We will explore opportunities for product diversification by expanding into allied categories, leveraging our expertise and brand presence to capture new market segments.
- The Indian S&A footwear market presents attractive industry prospects, with the market size projected to reach ₹882 billion (US\$11.7 billion) by FY25. India's per capita footwear consumption is lower compared to other countries, indicating significant growth potential. With the increase in fitness consciousness and disposable income, the Indian S&A market is expected to be driven by rising demand.
- Campus Activewear enjoys the widest presence across price segments, offering an expansive and diverse product portfolio that covers a significant share of the S&A footwear market, reaching more than 85% of the market. This wide market coverage positions Campus Activewear as a leader in the industry, providing ample opportunities for growth and capturing a larger customer base.

THREATS

The Company's performance, along with the footwear industry, can be directly or indirectly influenced by the dynamic global economic environment. Disruptions in the supply chain, such as those caused by the pandemic and war, have the potential to drive up raw material prices and overhead costs, thereby diminishing the Company's competitive edge in the market.

The Company also faces several concerns that could impact its overall performance, including workforce attrition, counterfeit products, the need for innovation and new product development, rapidly changing consumer preferences, and the risk of data breaches.

Some of the other potential threats the Company faces:

- Intense competition from multinational corporations in the domestic market
- The requirement to enhance shoe quality to meet more stringent international standards
- The ability to keep up with ever-evolving fashion trends and remain relevant
- Insufficient supply of high-quality components for footwear production
- Technological modernisation and advancement

RISK AND CONCERNS

The Board has established a Risk Management Committee to thoroughly assess and mitigate potential risks that may affect the Company's operations. The responsibilities and scope of the Risk Management Committee can be found in the Corporate Governance Report, which is included in this Annual Report.

The Company has developed comprehensive risk factors, both internal and external, to analyse the potential risks that may impact its business. These risk factors are elaborated in detail in the Red Herring Prospectus (RHP).

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

Human capital is a vital asset to the Company, essential for business sustainability and expansion. Campus engages, trains, and enhances its human capital through various mediums, training programmes, and initiatives. These initiatives include structured job evaluations and career development for high-potential managers, training programmes

on effective communication, tax literacy including personal finance, and tax planning sessions for employees. The Company has also launched a programme called 'Be Your Own Laxmi,' which empowers female employees with financial awareness. Other regular training initiatives include Microsoft Excel, Effective Managerial Skills, Fire Safety Training, and Prevention of Sexual Harassment (PoSH) training. Additionally, the Company has introduced ESOP Plans—Special Grant 2021 and Vision Pool 2021. These plans aim to engage, retain, and incentivize employees in the Company's operations, allowing them to contribute to both present and future Company plans. The Company regards options as enduring incentives. These options not only make employees co-owners but also offer the potential for future wealth creation. As of March 31st, 2023, the employee count was 839.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has established a robust system of internal financial controls that aligns with its size, scale of operations, procedures, and policies. This system ensures

the orderly and efficient conduct of business, including adherence to Company policies, protection of assets, prevention and detection of fraud and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information.

The Audit Committee meetings involve discussions on the Internal Audit Reports to assess the adequacy and effectiveness of the Company's internal control environment. Necessary actions are taken to strengthen controls in areas where required for business operations. Additionally, a monitoring process is in place to track the implementation of audit recommendations, including those related to enhancing the Company's risk management systems.

Following an assessment conducted by the Management and evaluation of the assessment results, the Board of Directors affirm that the Company has sufficient and effective Internal Controls in operation.

There have been no instances of fraud that necessitate the reporting of material misstatements in the Company's operations.

DISCLAIMER

The MDA section includes statements regarding future prospects that may be forward-looking in nature. These statements involve a variety of identified and unidentified risks and uncertainties that could potentially lead to material differences in actual results. In addition to the changes occurring in the macro-environment, there may be unforeseen and constantly evolving risk to the Company and its operating environment.

ANNEXURE-A

To,
The Members,
Campus Activewear Limited
(Formerly Known as Campus Activewear Private Limited)

Our report of even date is to be read along with this letter. We, as the secretarial auditors of Campus Activewear Limited, have conducted the secretarial audit for the relevant financial year and hereby present our findings and opinions.

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We conducted the secretarial audit in accordance with the appropriate audit practices and processes to obtain reasonable assurance about the correctness of the contents of the Secretarial records. Our verification was conducted on a test basis to ensure the accuracy of the facts reflected in the secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.
3. Please note that our audit did not include verification of the correctness and appropriateness of the financial records and Books of Accounts of the Company. Additionally, we did not examine the Company's compliance with applicable financial laws, such as direct and indirect tax laws, as these aspects fall under the purview of statutory financial audits and other designated professionals.
4. In instances where necessary, we obtained representations from the Management regarding the Company's compliance with laws, rules, regulations, and the occurrence of significant events.
5. The compliance with Corporate and other applicable laws, rules, regulations, and standards is the responsibility of the management. Our examination was limited to the verification of procedures on a test basis.
6. It is important to clarify that the Secretarial Audit report does not provide any assurance regarding the future viability of the Company or the efficacy or effectiveness with which the management has conducted the affairs of the Company.

1. CAMPUS ACTIVEWEAR LIMITED'S (FORMERLY KNOWN AS CAMPUS ACTIVEWEAR PRIVATE LIMITED) (HEREINAFTER REFERRED TO AS "THE COMPANY"/"CAMPUS") PHILOSOPHY ON CODE OF GOVERNANCE

The Company's philosophy on the Code of Governance is based on the belief that effective Corporate Governance practices constitute a strong foundation on which successful enterprises are built to last. The Company's ideology on Corporate Governance is not mere compliance of laws, rules and regulations, but also the application of best management practices and adherence to the highest ethical principles in all its dealings, to achieve the objects of the Company, enhance stakeholder's value and discharge its social responsibility. The Company is committed to practice good governance as a way of working rather than merely a regulatory and legal compulsion.

The Company is committed towards enhancing the stakeholders value and therefore has adopted various appropriate structures and reporting systems. Good Corporate Governance is indispensable to resilient and vibrant capital markets and is, therefore, an important instrument of investor protection. The Company lays great emphasis on a corporate culture of conscience, integrity, fairness, transparency, accountability and responsibility for efficient and ethical conduct of its business.

The Company adheres to compliance requirements of SEBI Listing Regulations as regard to Corporate Governance.

Governance structure

The Company implemented a governance structure with defined roles and responsibilities of every systemic constituent. The Company's shareholders appoint the Board of Directors, who, in turn govern the Company. The Board has constituted various Committees to discharge responsibilities effectively. The Company Secretary of the Company acts as the Secretary to all the Committees. The Chairman provides strategic direction and guidance to the Board. The Chief Executive Officer and a group of senior executives are individually empowered for day-to-day operations with roles and responsibilities assigned by the Board.

2. BOARD OF DIRECTORS

The Board of Directors is the apex body constituted by the shareholders for overseeing the Company's overall functioning. The Board provides and evaluates the Company's strategic direction, management policies and their effectiveness and ensures that the shareholders' long term interests are being served.

The Board of Directors consists of eminent persons with wide knowledge and experience in different fields including technical, commercial, finance, business administration etc., which not only bring wide range of expertise, but also impart desired level of independence to the Board and helps healthy deliberations at the board meetings to decide on various matters of the Company.

2.1 Composition of the Board of Directors

The Board of Directors of the Company comprised an optimum combination of professionalism, knowledge and experience, which enables it to discharge its responsibilities and provide effective leadership to fulfil its long-term vision and ensure the highest governance standards.

Further, the Board of Directors of the Company oversees the conduct of business activities by management and serves to ensure the implementation of Company's policies in an effective and efficient manner.

As on 31 March 2023, the Board of the Company comprised 8 (Eight) members out of whom two are Executive Directors, two are Non-Executive Non-Independent Directors, four are Non-Executive Independent Directors including one Woman Independent Director.

None of the Directors on the board hold directorships in more than ten public Companies and None of the Directors on the board is a member of more than ten committees or act as chairperson of more than five Committees across all the listed companies in which he/she is a director.

The Company is in compliance with the provisions regarding Board, its composition and committees under provisions of the Companies Act, 2013 (the Act) and SEBI Listing Regulations.

24. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Human capital	Opportunity	Opportunity: Contended human capital would lead to increased productivity and in-turn profitability for business.	To retain high potential skilled manpower, Campus has launched ESOP Plans, Special Grant 2021 and Vision Pool 2021. Families were also supported during the COVID 19 pandemic.	Positive: With optimum investment in human capital, the company increases its chances of success and sustainable growth year-on-year. It also improves efficiency because the system places employees in roles where they can perform at their best.
2	CSR activities	Opportunity	Opportunity: Investing in CSR activities, and diligently conducting the same on periodic basis have a number of advantages including increased brand recognition, positive company reputation, accelerated growth, competitive advantage over peers etc.	CSR activities were aimed towards benefiting underprivileged communities. Mobile medical units, medical camps, contributions towards education, contributions towards Paralympic sports were some of the CSR activities undertaken.	Positive: Funding and implementing CSR activities creates a positive brand value for the company. Upliftment of the community through various initiatives in underprivileged areas towards their health, education etc helps in positive social development.
3	ESG oversight	Risk and Opportunity	Risk: Ignoring or avoiding ESG parameters in a business can lead to discontent among shareholders, potential litigation, damage to their reputation, or regulatory investigation Opportunity: Considering ESG strategy in business operations paves the way for a company to gain investor confidence, earn customer loyalty, reduce operating costs and improve both asset management and financial performance.	Risk: Although we had already incorporated various aspects of Environmental, Social, and Governance (ESG) principles into our day-to-day operations, we commenced the practice of formal ESG reporting in the previous fiscal year. Opportunity: Our primary emphasis is placed on highlighting ESG matters that hold significance for us. Some of these include CSR activities, energy water waste management, policy development and implementation. We would be publishing our first BRSR report which would reflect our commitment towards ESG issues and as such our commitment towards society at large.	Positive: Leadership oversight on the ESG strategy, action plan, and performance facilitates the amplification of the Company's positive impact on the environment and community. It also enables the company to further embed robust monitoring mechanisms across ESG initiatives and business practices.

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Supply chain management	Risk and Opportunity	<p>Risk: Some of the risks related to supply chain that can be mitigated by proper management can be:</p> <ol style="list-style-type: none"> 1. natural disasters-vulnerable to property damage due to natural disasters 2. keeping up with local/regional sanctions and regulations 3. Sub-par performance by suppliers where the supplier fails to meet agreed performance criteria <p>Opportunity: Strong supply chain management creates opportunities for creating a strong economy, flawless manufacturing, better quality management, improved collaboration with stakeholders</p>	Ongoing and continuous collaboration with our trusted vendors, regulators, manufacturers, financiers and logistics teams has helped create an efficient supply chain for our company. We have created an efficient due diligence process before getting any vendor or supplier on-board.	<p>Positive: Maximum business of the company can be ensured by an efficient supply chain management. This also results from reduced environmental impact and long-term value to the company's sustainability-led endeavours.</p> <p>Negative: Inefficient supply chains have faced headwinds from unforeseen demand and limited logistics capacity. A mismanaged supply chain leads to ineffective utilization of resources, hampers natural procurement of materials and elimination of waste throughout the product lifecycle.</p>
5	Regulatory and legal compliances	Risk	<p>Risk: Compliance with statutory and regulatory requirements requires awareness and training at all levels of the organization. The lack of awareness and training can lead to non-compliance, resulting in penalties and legal action</p>	We have our policies in place related to code of conduct, and whistle blower. We have also provided an online platform for consumers to register their complaints, so as to have better customer relations and avoid any unnecessary legal consumer hassles (https://www.campusshoes.com/pages/contact)	<p>Negative: Non-compliance would lead to loss of reputation and consequently affect the business activities. Companies who are compliant with the regulatory laws have a better ability to manage risks and builds a better sense of fairness and loyalty among stakeholders.</p>
6	Health & safety	Risk and Opportunity	<p>Risk: Work place hazard can have significant impact on a business, including loss of productivity, reduction of sales, low staff morale, and loss of reputation.</p>	We have conducted multiple trainings on POSH, Health & Safety, Kaizen, 5S, Quality Management, Worker's right & responsibilities for workers, to inculcate a culture and mindset of safety.	<p>Positive: Greater work participation and increased social inclusion, less workplace injury and workers' compensation claims, higher performance, greater work participation and increased social inclusion, increased</p>

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			Opportunity: Effective health & safety practices boosts employee morale, increases productivity and promotes corporate responsibility.		brand value and good name in the market are some of the positives of incorporating health and safety in manufacturing. Negative: The most significant consequence of a poor safety culture is increased injury and death among employees. Increased cost, increased employee absence, higher healthcare costs, workers' compensation payments, lost productivity and business disruption are other ill effects of poor health and safety at workplace.
7	Human rights	Risk and Opportunity	Risk: Forced labour can cause employees to suffer physical and mental abuse, resulting in serious physical and mental health problems. Forced labour can lead to a loss of talent, requiring the company to invest more in rehiring and training employees, thus negatively affecting business. Opportunity: Parameters on human rights such as fair working environment, equal opportunities, remuneration, freedom of association without ethnic discrimination will positively impact the performance of the company on the social front from the employee's perspective.	Training and awareness of all the employees and workers are periodically conducted. Clause related to Human rights in value chain agreements and contracts are provided. The Company does not itself indulge in any kind of child labour in any of its operation. It also does not collaborate with any vendors violating the human rights of its employers.	Negative: Loss of knowledge and highly experienced and skilled staff, high costs of recruitment and training, loss of productivity in workplaces are some of the ill effects of ignored human rights in a company. Positives: Committed to providing equal opportunities which is free from harassment and discrimination benefit from increased morale among its employees and avoid unnecessary industrial relations problems. It also improves productivity.

Independent Auditor's Report

To the Members of **Campus Activewear Limited** (formerly known as Campus Activewear Private Limited)

Report on the Audit of the Financial Statements

OPINION

We have audited the financial statements of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) (the "Company") which comprise the balance sheet as at 31 March 2023, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income,

changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

KEY AUDIT MATTER(S)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

See Note 2(b)(ix) and 26 to financial statements

The key audit matter	How the matter was addressed in our audit
Revenue Recognition- fraud risk As disclosed in Note 26 to the Financial Statements, the Company's revenue from operations for the year ended 31 March 2023 is INR 14,842.50 Millions (Previous year INR 11,941.81 Millions). Revenue from sale of goods is recognised when control in goods is transferred to the customer and is measured net of discounts, price concessions and incentives. Standards on Auditing presume that there is a fraud risk with regard to revenue recognition. We have identified this as a key audit matter since there is a risk of revenue being overstated because of fraud, resulting from the pressure the Company may feel to achieve performance targets.	<p>In view of the significance of the matter we applied the following audit procedures in this area, amongst others to obtain sufficient and appropriate audit evidence:</p> <p>(a) We assessed the appropriateness of the revenue recognition accounting policies by comparing with applicable accounting standards.</p> <p>(b) We evaluated the design, implementation and operating effectiveness of key internal controls over recognition of revenue for a sample of transactions (using random sampling).</p> <p>(c) We performed substantive testing by selecting samples (using statistical sampling) of revenue transactions recorded during the year by testing the underlying documents which included sales invoices, shipping documents and proof of deliveries to assess whether these are recognised in the appropriate period in which control is transferred.</p>

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

The key audit matter	How the matter was addressed in our audit
	(d) We carried out analytical procedures on revenue recognised during the year to identify unusual variances.
	(e) We tested, on a sample basis, (using statistical sampling) specific revenue transactions recorded before and after the financial year end date to assess revenue is recognised in the financial period in which control is transferred.
	(f) We tested journal entries on revenue recognised during the year, selected considering specified risk-based criteria, to identify unusual items.

OTHER INFORMATION

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true

and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the

adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the Directors as on 31 March 2023 taken on record by the Board of Directors, none of the Directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (a) The Company does not have any pending litigations which would impact its financial position.

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

- (b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (d) (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 47(g) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 47(h) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - (e) The Company has neither declared nor paid any dividend during the year.
 - (f) As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its Directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

Annexure A

To the Independent Auditor's Report on the Financial Statements of **Campus Activewear Limited** (formerly known as Campus Activewear Private Limited) for the year ended 31 March 2023

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. As informed to us no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (INR Millions)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company. Also indicate if in dispute

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence/ deliveries of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company except as follows:

Quarter ended	Name of bank	Particulars	Amount as per books of account (INR Million)	Amount as reported in the quarterly return/ statement (INR Million)	Amount of difference (INR Million)	Whether return/ statement subsequently rectified

		Debtors	2,114.47	2,343.46	228.99	Yes

- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has not granted any loans, secured or unsecured to any companies, firms, limited liability partnerships during the year. The Company has granted interest free loans to its employees during the year, in respect of which the requisite information is as below:

- (a) Based on audit procedures carried on by us and as per the information and explanations given to us, the Company has provided loans to employees as below:

Particulars	Loans to employees (INR Million)
Aggregate amount during the year	15.7
Balance outstanding as at balance sheet date	6.2

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the terms and conditions of the grant of loans to employees are, prima facie, not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given to employees, which are interest free, in our opinion the repayment of principal

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

has been stipulated and the repayments have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

nature of loans either repayable on demand or without specifying any terms or period of repayment.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to same parties.

To the Independent Auditor's Report on the financial statements of **Campus Activewear Limited** (formerly known as Campus Activewear Private Limited) for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

OPINION

We have audited the internal financial controls with reference to financial statements of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Financial Statements

For the year ended 31 March 2023

1. CORPORATE INFORMATION

Campus Activewear Limited (formerly known as Campus Activewear Private Limited) is a public limited Company domiciled in India (hereinafter referred as "Company" or "CAL") with its registered office situated at D-1, Udyog Nagar, main Rohtak Road, New Delhi- 110041. It was incorporated on 24 September 2008 under the Companies Act, 1956 vide Corporate Identification Number (CIN) L74120DL2008PLC183629.

The Company is primarily engaged in the business of manufacturing and trading of footwear and accessories through its retail and wholesale network.

The Company was converted into a public limited Company under the Companies Act, 2013 on 22 November 2021 and consequently, the name was changed to Campus Activewear Limited.

2 (A) BASIS OF PREPARATION

A. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act.

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest Million, unless otherwise indicated.

The financial statements are approved for issue by the Board of Directors of the Company at their meeting held on 29 May 2023.

The accounting policies are applied consistently to all the periods presented in the financial statements.

B. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

(a)	Certain financial assets and liabilities	Fair value
(b)	Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

C. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and

the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

- Lease classification – refer 2(b)(vii) and Note 5
- Revenue recognition – refer 2(b)(ix)

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes:

- Impairment test of non-financial assets: key assumptions underlying recoverable amounts (refer 2(b)(v))
- Measurement of defined benefit obligations: key actuarial assumptions (refer note 38)
- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources (refer 2(b)(xii))
- Impairment of financial assets (refer 2(b)(iii))
- Estimation of current tax expense and recognition of deferred tax assets (refer 2(b)(xiv))
- Share based payment expense (refer note 31 and note 39)

D. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market is accessible by the Company.

Notes to Financial Statements

For the year ended 31 March 2023

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The finance department of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer. Discussions of valuation processes and results are held between the Chief Financial Officer and the finance team at least once every year in line with the Company's reporting periods.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 42 – Financial instruments – Fair values and risk management.

E. Current/Non-current classification

The Company classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;

- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company has identified twelve months as its operating cycle.

2 (B) SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

(i) Foreign currency transactions:

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary

Notes to Financial Statements

For the year ended 31 March 2023

assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency exchange differences are recognised in profit or loss.

(ii) Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Recognition and initial measurement

Trade receivables are initially recognized when they are originated. All other financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- Amortised cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL.

Financial assets are not reclassified subsequent to their initial recognition, unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Subsequent measurement

Financial assets at amortised cost are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the profit or loss.

Notes to Financial Statements

For the year ended 31 March 2023

Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of loss allowance on the following:

- i Financial assets measured at amortized cost;
- ii. Financial assets i.e. debt investments measured at fair value through other comprehensive income (FVTOCI).

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets (listed as ii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically

observed default rates and changes in the forward-looking estimates are updated.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial assets

The Company derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the

Notes to Financial Statements

For the year ended 31 March 2023

consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(iii) Property, plant and equipment

Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses. Freehold land is carried at historical cost less any accumulated impairment losses.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable of future economic benefits.

Property, plant and equipment which are not ready for intended use as on date of reporting period, are disclosed as Capital work in progress.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the written down value method and is generally recognised in the statement of profit and loss. Freehold land is not depreciated.

The estimated useful lives of items of property, plant and equipment are as follows:

Asset Category	Useful lives estimated by the management	Useful lives as per Schedule II of Companies Act, 2013
Buildings	30 years	30 years
Plant and machinery	15 years	15 years
Plant and machinery (Moulds)	3 years	15 years
Computers	3 years	3 years
Office equipment	5 years	5 years
Furniture and fixtures	10 years	10 years
Vehicles	8 years	8 years
Electric installations	10 years	10 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. In case of a revision, the unamortized depreciable amount is charged over the revised remaining useful life

Notes to Financial Statements

For the year ended 31 March 2023

Depreciation on additions/(disposals) is provided on a pro-rata basis i.e. from/(upto) the date on which asset is ready for use/(disposed off).

Leasehold improvements are amortised over the lower of lease period or estimated useful life, on straight line basis from the date that they are available for use.

The useful lives have been determined based on internal and technical evaluation done by management and are in line with the estimated useful lives, to the extent prescribed by the Schedule II to the Companies Act, 2013, in order to reflect the technological obsolescence and actual usage of the asset.

(iv) Other intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss.

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

Intangible assets are amortised in the Statement of Profit and Loss over their estimated useful lives, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset. Accordingly, at present, these are being amortised on straight line basis. Intangible assets are amortised over the best estimate of the respective useful lives as under:

(a) Trademarks: Amortised over the period of 10 years.

(b) Software: Amortised over the period of 5 years.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related

expenditure is reflected in profit or loss in the period in which the expenditure is incurred

(v) Impairment

Impairment of non-financial assets

The Company's non-financial assets, other than inventories, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(vi) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs, if any) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of

Notes to Financial Statements

For the year ended 31 March 2023

time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(vii) Leases

The Company's lease asset classes primarily consist of leases for land and buildings taken for warehouses, retail stores and factories. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases.

For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. In addition, the right-

of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. The lease liability is measured at amortised cost using the effective interest method.

In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

(viii) Inventories

Inventories are valued at the lower of cost and net realisable value. The cost of inventories is based on First in First out ("FIFO") formula.

Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods (manufactured) and work in progress: Cost includes cost of direct materials and labour and an appropriate share of production overheads based on normal operating capacity.

Finished goods (traded): Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

Notes to Financial Statements

For the year ended 31 March 2023

Inventories in transit are valued at the lower of cost and net realisable value.

Appropriate adjustments are made to the carrying value of damaged, slow moving and obsolete inventories based on management's current best estimate.

(ix) Revenue recognition

Ind AS 115 establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which coincides with the performance obligation under the contract with the customer.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers. Invoices are usually payable based on the credit terms agreed with customers which vary up to 90 days.

Use of significant judgements in revenue recognition:

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer (or to other parties that purchase the entity's goods or services from the customer) is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that it pertains to one or more distinct performance obligations.

Claims lodged with insurance companies are accounted for on an accrual basis, to the extent these are measurable and the ultimate collection is reasonably certain.

Assets and liabilities arising from right to return

For contracts that permit the customer to return an item, revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical data. In these circumstances, a refund liability and a right to recover returned goods asset are recognised.

Right to return assets

A right of return gives an entity a contractual right to recover the goods from a customer (return asset), if the customer exercises its option to return the goods and obtain a refund. The asset is measured at the carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The right to recover returned goods is included in Other current assets.

Refund liabilities

A refund liability is the obligation to refund part or all of the consideration received (or receivable) from the customer. The Company has therefore recognised refund liabilities in respect of customer's right to return. The liability is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimate of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period. The refund liability is included in other current liabilities.

The Company reviews its estimate of expected returns at each reporting date and updates the amounts of the asset and liability accordingly.

(x) Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all the attached conditions will be complied with. When the grant relates to an expense item, it is recognized in profit or loss as other income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is netted off with the respective asset.

Notes to Financial Statements

For the year ended 31 March 2023

(xi) Provisions (other than employee benefits)

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Decommissioning liability

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingencies

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably.

(xii) Operating segments

Operating segments are defined as components of an entity where discrete financial information is evaluated regularly by the chief operating decision maker ("CODM") in deciding allocation of resources and in assessing performance. The Board of Director's is its CODM. The Company's CODM reviews financial information presented on a consolidated basis for the purposes of making operating decisions, allocating resources, and evaluating financial performance. As such, the Company has determined that it operates in one operating and reportable segment.

(xiii) Employee benefits

Short-term employee benefits

Short-term employee benefit are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the

amount expected to be paid e.g. under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the amount of obligation can be estimated reliably.

Share-based payment arrangements

The grant date fair value of equity settled share-based payment arrangement granted to employees is generally recognised as an employee benefits expense, with a corresponding increase in equity, over the vesting period of the awards. The amount recognised as an expense is based on the estimate of the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that do meet the related service and non-market performance conditions at the vesting date. For share-based payment awards with non-vesting conditions, the grant date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. The Company's contribution are expensed as an employee benefits expense in the Statement of Profit and Loss in the period in which the employee renders the related service.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The fair value of plan assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis. The calculation of the Company's obligation is performed annually by a qualified actuary using the projected unit credit method.

Notes to Financial Statements

For the year ended 31 March 2023

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate, determined by reference to market yields at the end of the reporting period on government bonds. This rate is applied on the net defined benefit liability (asset), both as determined at the start of the annual reporting period, taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term employee benefits - compensated absences

Accumulated absences expected to be carried forward beyond twelve months is treated as long-term employee benefit for measurement purposes. The Company's net obligation in respect of other long-term employee benefit of accumulating compensated absences is the amount of future benefit that employees have accumulated at the end of the year. That benefit is discounted to determine its present value. The obligation is measured annually by a qualified actuary using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

Termination benefits

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

(xiv) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it

relates to a business combination, or an item recognised directly in equity or in Other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction;
- Taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax is recognized based on the expected manner of realization or settlement of the carrying amount of assets and liabilities using tax rates enacted, or substantially enacted at the reporting period.

Deferred tax assets are recognized only to the extent that is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realized.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current

Notes to Financial Statements

For the year ended 31 March 2023

tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

(xv) Earnings per share

Basic earnings per share is calculated by dividing the net profit (or loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average numbers of equity shares outstanding during the year are adjusted for events such as bonus issue and share split.

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

(xvi) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(xvii) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(xviii) Contingent liability

A contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying

economic benefits will be required to settle the obligation or the amount of the obligation can not be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent Assets

Contingent asset is not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

(xix) Business Combination

Business Combinations - Entities under common control

Business combinations involving entities that are controlled by the Company are accounted for using the pooling of interest methods as follows:

- (i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (ii) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. Adjustments are only made to harmonise accounting policies.
- (iii) The financial information in the Financial Statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the Financial Statements, irrespective of the actual date of the combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- (iv) The balance of the retained earnings appearing in the Financial Statements of the Company is aggregated with the corresponding balance appearing in the financial statements of the transferee. The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee.
- (v) The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

(xx) Recent Accounting Pronouncements

On 31 March 2023, the Ministry of Corporate Affairs (MCA) through a notification, issued certain amendments and annual improvements to Ind AS. These amendments are applicable for accounting periods beginning on or after 1 April 2023. Key amendments are mentioned below:

(i) Ind AS 1 Presentation of Financial Statements:

Amendment to Ind AS 1 clarifies that Companies should now disclose material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements.

The application of this amendment is not expected to have a material impact on the Company's financial statements.

(ii) Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors:

Amendment to Ind AS 8 has replaced the definition of 'change in account estimate' has been replaced by revised definition of 'accounting estimate'. As per revised definition, accounting estimates are monetary

amounts in the financial statements that are subject to measurement uncertainty. Accounting estimates include:

- a) Selection of a measurement technique (estimation or valuation technique).
- b) Selecting the inputs to be used when applying the chosen measurement technique.

The application of this amendment is not expected to have a material impact on the Company's financial statements.

(iii) Ind AS 12 Income Taxes:

Amendments to Ind AS 12 has restricted the scope of the Initial Recognition Exemption (IRE) and now IRE does not apply to transactions that give rise to equal and offsetting temporary differences. Accordingly, companies will need to recognize a deferred tax asset and a deferred tax liability for temporary differences arising on transactions such as initial recognition of a lease and a decommissioning provision.

The application of this amendment is not expected to have a material impact on the Company's financial statements.

B. Contingent liabilities

Other money for which the Company is contingently liable:

- The Company had imported plant and machinery in 2015-16 under EPCG scheme. An export obligation ('EO') amounting to INR 23.87 Million (31 March 2022: INR 23.87 Million) was placed on the Company which was to be fulfilled in a period of 8 years from the date of Inspection of Licence. Duty saved under EPCG Scheme amounting to INR 3.98 Million (31 March 2022: INR 3.98 Million).
- Pursuant to judgement by the Honourable Supreme Court dated 28 February 2019, it was held that basic wages, for the purpose of provident fund, to include special allowances which are common for all employees. However, there is uncertainty with respect to the applicability of the judgement and period from which the same applies.

Notes to Financial Statements

For the year ended 31 March 2023

Owing to the aforesaid uncertainty and pending clarification from the authorities in this regard, the Company has not recognised any provision till F.Y. 2018-2019. Further, management also believes that the impact of the same on the Company will not be material.

38. EMPLOYEE BENEFITS

The Company contributes to the following post-employment defined benefit plans in India.

(i) Defined contribution plans:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund which is defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Contribution to provident fund	19.46	18.88

(ii) Defined benefit plan:

Gratuity

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive 15 day's salary for each year of completed service at the time of retirement/exit. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of the present value of the defined benefit obligation for gratuity was carried out as at 31 March 2023. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

A. Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial information as at reporting date:

Particulars	As at 31 March 2023	As at 31 March 2022

D. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Particulars	As at 31 March 2023	As at 31 March 2022
Discount rate (1% movement)		
Change in liability due to increase	(4.84)	(4.08)
Change in liability due to decrease	5.54	4.68
Expected rate of future salary (1% movement)		
Change in liability due to increase	4.67	4.04
Change in liability due to decrease	(4.26)	(3.64)
Expected rate of Mortality Rate (10% movement)		
Change in liability due to increase	(0.01)	(0.01)
Change in liability due to decrease	0.01	0.01
Expected rate of Attrition Rate (50% movement)		
Change in liability due to increase	(3.49)	(3.51)
Change in liability due to decrease	5.28	5.65

Sensitivities due to mortality and withdrawals are not material and hence impact of change is not calculated.

E. Expected maturity analysis of the defined benefit plans in future years

Particulars	As at 31 March 2023	As at 31 March 2022

II. Financial risk management

Risk Management Framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework and

also responsible for developing and monitoring the Company's risk management policy.

The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Board of Directors with top management oversee the formulation and implementation of the risk management framework. The risks are identified at business unit level and mitigation plans are identified, deliberated and reviewed at appropriate forums.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk.

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, loans, advances, cash

Notes to Financial Statements

For the year ended 31 March 2023

and cash equivalents and deposits with banks. The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade receivables

The Company exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The management has established a credit policy under which each new customer is analysed individually for creditworthiness before the standard payments and delivery terms and conditions are offered. The average credit period provided to customers varies from 0 to 90 days. For new customers, in addition to feedback from retail traders, they start doing the business with Company on advance payment terms. Post a business for 3 months and a successful payment track record, the customers are then converted to business with standard credit terms.

An impairment analysis is performed for all the customers at each reporting date on an individual basis. According to the analysis done, the Company establishes an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables. An impairment analysis is performed at each reporting date.

Interest rate risk

Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk changes in market interest relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate:

Particulars	As at 31 March 2023	As at 31 March 2022
Variable rate borrowings	418.00	867.49
Fixed rate borrowings	1,389.69	750.00

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loan and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Effect on profit before tax	
	As at 31 March 2023	As at 31 March 2022
	Profit/(loss)	Profit/(loss)
Increase by 50 basis point	2.09	4.34
Decrease by 50 basis point	(2.09)	(4.34)

Cash and cash equivalents and deposits with banks

Cash and cash equivalents of the Company are held with banks which have high credit rating. The Company considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

Notes to Financial Statements

For the year ended 31 March 2023

Security deposits

The Company has furnished security deposits to its lessors for obtaining the premises on lease. The Company considers that its deposits have low credit risk or negligible risk of default as the parties are well established entities and have strong capacity to meet the obligations. Also, where Company expects that there is an uncertainty in the recovery of deposit, it provides for suitable impairment on the same.

Particulars	As at 31 March 2023	As at 31 March 2022
Financial assets for which loss allowance is measured using lifetime expected credit losses:		
Trade receivables (refer note 12)	2,001.05	1,476.97

During the year, trade receivable with a contractual amount of INR 4.43 Million were written off (31 March 2022: INR 44.53 Million) and the Company does not expect to receive future cash flows or recoveries from collection of receivables previously written off. The Company's management also pursues all legal options for recovery of dues, wherever necessary, based on its internal assessment.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as per Company's policy.

Reconciliation of loss allowance provision – Trade receivables

Particulars	As at 31 March 2023	As at 31 March 2022
Opening balance at the beginning of the year	140.17	159.38
Loss allowance for the year	98.83	25.32
Provision utilised during the year	(4.43)	(44.53)
Closing balance at the end of the year	234.57	140.17

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the cash flow generated from operations to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Notes to Financial Statements

For the year ended 31 March 2023

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out in accordance with practice and limits set by the Company. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

iii. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company's business activities are exposed to a variety of market risks, namely:

- Currency risk;
- Commodity risk

Currency risk

The Company is exposed to foreign currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated and the functional currency of the Company, hence exposure to exchange rate fluctuations arises. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates. The functional currency of the Company is INR and the currency in which these transactions are primarily denominated is USD and CNY.

For assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Particulars of unhedged foreign currency exposure are as follows:

Particulars	Currency	As at 31 March 2023	As at 31 March 2022
Amount in Foreign currency			
Trade payables	USD	0.00	1.02
	CNY	0.28	-
Amount in INR			
Trade payables	USD	0.13	77.11
	CNY	3.32	-

Currency sensitivity

A reasonably possible strengthening/(weakening) of the INR against all other currencies at reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Profit/(loss)	For the year ended 31 March 2023	For the year ended 31 March 2022

For the year ended 31 March 2023

Commodity Risk

Exposure of the Company to Commodity and Commodity Risks faced by the Company throughout the year.

Commodities form a major part of the raw materials required for Company's products portfolio and hence commodity price risk is one of the important market risk for the Company. The Company is exposed to the risk of changes in commodity prices in relation to its purchase of raw materials. The Company's price arrangements with its suppliers are typically linked to the spot prices of such raw materials, and any increase in the spot prices may result in an increase in the price of such raw materials procured from its suppliers.

The Company has adequate risk assessment and minimization system in place including for Commodities. The risk is hedged through additional and strategic buying from time to time. Further, the Company typically pass on some portion of the change in the raw material price to the customers

Purchases sensitivity analysis

A reasonably possible change of 1% in prices of purchases during the year, would have increased/(decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant.

Particulars	Equity-net of tax		Effect on profit before tax	
	As at 31 March 2023	As at 31 March 2022	As at 31 March 2023	As at 31 March 2022

Decrease by 1%	64.37	40.75	86.07	62.63

43. CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value. Management monitors the return on capital, as well as the level of dividends to ordinary shareholders.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by equity. Net debt is calculated as total liabilities (as shown in the balance sheet) less cash and cash equivalents and other bank balances. The Company's net debt to adjusted equity ratio i.e. capital gearing ratio is as follows:

Particulars	As at 31 March 2023	As at 31 March 2022
Total Liabilities	6,237.95	5,326.58
Less: Cash and Cash equivalents	(239.88)	(3.48)
Adjusted Net debt	5,998.07	5,323.10
Total equity	5,521.20	4,275.87
Net debt to equity ratio	1.09	1.24

44. SEGMENT REPORTING

Segment information is presented in respect of the Company's key operating segments. The operating segments are based on the Company's management and internal reporting structure.

Operating segments

The Company has identified the business as single operating segment i.e. Footwear and Accessories. Accordingly, there is only one Reportable Segment for the Company which is "Footwear and Accessories", hence no specific disclosures have been made.

48. SCHEME OF MERGER

The Board of Directors of the Company at its meeting held on 11 November 2020 had approved the Scheme of Arrangement (the 'Scheme') for merger of its wholly owned subsidiary (transferor Company) with the Company (transferee Company) and adjustment of securities premium of the Transferee Company with the debit balance of Capital Reserve. Application seeking approval of the Scheme was subsequently filed with Hon'ble National Company Law Tribunal (NCLT), New Delhi Bench on 25 March 2021. The earlier standalone financial statements of the Company for the year ended 31 March 2022 were approved by the Board of Directors at its meeting held on 30 May 2022 without giving effect to the Scheme since the petition was pending before the NCLT.

Notes to Financial Statements

For the year ended 31 March 2023

NCLT, New Delhi Bench sanctioned the Scheme and pronounced its order on 11 August 2022, certified copy of which was received by the Company on 1 September 2022. As per the Order, it needed to be filed with ROC within 30 days from receipt of certified copy of it, which was filed subsequently.

Accordingly, to give effect to the Scheme from the appointed date i.e. 1 April 2020, the Company had revised the earlier approved standalone financial statements for the year ended 31 March 2022.

Pursuant to the Scheme, all the assets, liabilities, reserves and surplus of the transferor Company had been transferred to and vested in the Company with effect from the appointed date i.e. 1 April 2020 at their carrying values.

The revision to the earlier standalone financial statements had been carried out solely for the impact of above referred Scheme and no additional adjustments had been incorporated for any other events occurring after 30 May 2022 (being the date when the standalone financial statements were first approved by the Board of Directors of the Company).

The details of the Company and the merger of the transferor Company with the Company are as below:

Name of the transferor Company	Campus AI Private limited
General nature of business	Manufacturing and trading of footwear and accessories
Appointed date of the Scheme	1 April 2020
Description and number of shares issued	Nil
% of Company's equity shares exchanged	Nil

Pursuant to the Scheme the merger had been accounted for as per the applicable accounting principles prescribed under relevant Indian Accounting Standards.

(a) Accounting treatment

- (i) The Transferee Company had recorded all the assets, liabilities and reserves of the Transferor Company vested in it pursuant to this Scheme, at their book values and in the same form as appearing in the books of the Transferor

Company as on the Appointed Date, by applying the principles as set out in Appendix C of IND AS 103 'Business Combinations' and prescribed under Companies (Indian Accounting Standards) Rules, 2015 issued by the Institute of Chartered Accountants of India.

- (ii) The revised standalone financial statements of the Transferee Company reflect the financial position on the basis of consistent accounting policies.
- (iii) Any loans, advances or other obligations (including but not limited to any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form) that are due between the Transferor Company and the Transferee Company, if any, ipso facto, stand discharged and come to end and the same is eliminated by giving appropriate elimination effect in the books of account and records of the Transferee Company.
- (iv) Investments in shares of the Transferor Company held by the Transferee Company have been adjusted against Share Capital of the Transferor Company and the difference, between cost of investment of the Transferor Company in the books of the Transferee Company has been adjusted against balance of reserves and surplus of the Transferee Company post-merger.

The identity of the reserves has been preserved and appear in the Revised Standalone financial statements of the Transferee Company in the same form in which they appeared in the financial statements of the Transferor Company.

- (v) Upon the Scheme becoming effective the Transferee Company had passed the following accounting entries for adjustment of securities premium with the debit balance of Capital Reserve:
 - a. The debit balance in the Capital Reserve INR. 1,567.87 Million (after giving effect of above accounting) in the books of the Transferee Company as on Effective Date i.e. 1 April 2020 has been adjusted/ set-off against the credit balance of Securities Premium.

Notes to Financial Statements

For the year ended 31 March 2023

- b. This part of the Scheme did not involve reduction in the Issued, Subscribed, Paid-Up Share Capital of the Transferee Company and any payment of the Paid-Up share capital to the shareholders of the Transferee Company nor did it result in extinguishment of any liability or diminution. There was no outflow of/payout of funds from the Transferee Company and hence, the interest of the shareholders/creditors was not adversely affected.

(b) The book value of assets and liabilities taken over in accordance with the terms of the scheme at the following summarised values:

Notes:

1. The Ministry of Corporate Affairs ("MCA") has vide its General Circular No. 10/2022 dated 28 December 2022 read with General Circular Nos. 2/2022 dated 5 May 2022, 21/2021 dated 14 December 2021, 02/2021 dated 13 January 2021, 20/2020 dated 5 May 2020, 17/2020 dated 13 April 2020 and 14/2020 dated 8 April 2020 (collectively referred to as "MCA Circulars") permitted the holding of the Annual General Meeting ("AGM") through Video Conferencing (VC)/Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. Accordingly, in compliance with the provisions of the Companies Act, 2013 ("the Act"), the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations 2015") and MCA Circulars, the Annual General Meeting (AGM) of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) ("Company") is being held through VC/OAVM.
2. In accordance with the Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India ("ICSI") read with Clarification/Guidance on applicability of Secretarial Standards - 1 and 2 dated 15 April 2020, issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed venue of the AGM.
3. Since this AGM is being held through VC/OAVM pursuant to the MCA Circulars, physical attendance of Members has been dispensed with, accordingly, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM and hence the Proxy Form, Attendance Slip and route map are not Annexed hereto.
4. An Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 and the rules made thereunder setting out the material facts is annexed hereto along with the recommendation of the Board to the shareholders on each of the specific items, in terms of Regulation 17(11) of the SEBI Listing Regulations 2015.

Information required pursuant to Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") read with the applicable provisions of Secretarial Standard-2, in respect of the Director seeking re-appointment, is provided at the end of this Notice as **Annexure-A**.
5. In compliance with the MCA Circulars and SEBI Master Circular no. SEBI/HO/CFD/PoD2/CIR/P/2023/120 dated 11 July, 2023 (hereinafter

collectively referred to as "Circulars"). Notice of the AGM along with the Annual Report for the financial year 2022-23 is being sent through electronic mode to all shareholders whose email addresses are registered with the Company and/or with Depository Participants (DPs). In case any member is desirous of obtaining physical copy of the Annual Report for the financial year 2022-23 and Notice of the 15th AGM of the Company, he/she may send a request to the Company by writing at investors@campusshoes.com or Link Intime India Private Limited ("Link Intime") at vinay.kumar@linkintime.co.in.

Members may note that the Notice of the 15th AGM and the Annual Report for the financial year 2022-23 can also be accessed from the Company's website at www.campusactivewear.com, websites of the Stock Exchanges on which the equity shares of the Company are listed i.e. National Stock Exchange of India Limited (www.nseindia.com) and BSE Limited (www.bseindia.com), website of National Securities Depository Limited ("NSDL") at www.evoting.nsdl.com and on the website of Registrar and Transfer Agent ("RTA") i.e. Link Intime India Private Limited at <https://linkintime.co.in/>.

6. In order to enhance the ease of doing business for investors in the securities market, Pursuant to SEBI Circular no. SEBI/HO/MIRSD/MIRSDPoD-1/P/CIR/2023/37 dated 16 March 2023, issued in supersession of earlier circulars issued by SEBI bearing nos. SEBI/HO/MIRSD/MIRSD RTAMB/P/CIR/2021/655 and SEBI/HO/MIRSD/MIRSD RTAMB/P/CIR/2021/687 dated 3 November 2021 and 14 December 2021, respectively. SEBI has recently mandated furnishing of PAN, KYC details (i.e., Postal Address with PIN Code, Email address, Mobile number, Bank account detail, Specimen signature) and nomination details by holders of securities. In case any of the above cited documents/details are not available in the Folio(s), RTA shall be constrained to freeze such Folio(s) effective from 1 October 2023. Physical shareholders who have not updated their KYC details may please submit Form ISR-1, Form ISR-2, Form ISR-3 and Form No. SH-13. The link for downloading the forms is available on the Company's RTA website under the web link at <https://linkintime.co.in/>. Further note that the other relevant details and forms prescribed by SEBI in this regard are also available on the website of the RTA and Company.

In view of the above we urge Members holding shares in physical form to submit the required forms alongwith the supporting documents on or before 30 September 2023. Members who hold shares in dematerialized form and wish to update their PAN, KYC, Bank Details and Nomination are requested to contact their DPs.

Explanatory Statement Pursuant to Section 102(1) of the Companies Act, 2013:

The following Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("Act"), sets out material facts relating to the business mentioned in the accompanying Notice of 15th Annual General Meeting (Notice of AGM/ Notice) dated 10 August 2023.

Item No. 3

The Members of the Company at the 10th Annual General Meeting (AGM) held on 24 September 2018 approved the appointment of M/s B S R & Associates LLP, Chartered Accountants [ICAI Firm Registration Number: 116231W/W-100024] ("BSR"), as the Statutory Auditors of the Company to hold office from the conclusion of the said 10th AGM until the conclusion of 15th AGM ("this AGM"). BSR will complete their present first term on conclusion of this AGM in terms of the same. The fee paid to BSR for the financial year 2022-23 is ₹ 10.80 Millions (excluding out of pocket expenses), details of which are given in Note No. 34 of the Notes to Financial Statements for the financial year ended 31 March 2023.

The Board of Directors of the Company (the "Board") at its meeting held on 29th May 2023, based on the recommendations of the Audit Committee, have recommended the appointment of M/s. B S R and Co, Chartered Accountants (ICAI Firm Registration No. 128510W), in place of the retiring auditors i.e. M/s B S R & Associates LLP (both B S R and Co and B S R & Associates LLP are members of B S R & Associates, a network registered with The Institute of Chartered Accountants of India) for the second term for BSR entities of 5 (five) consecutive years to hold such office from the conclusion of this meeting till the conclusion of the 20th Annual General Meeting of the Company to be held in the year 2028, in terms of Section 139 of the Companies Act, 2013 (as amended) (the "Act") read with the Companies (Audit and Auditors) Rules, 2014 (as amended) and to conduct the audit for the financial year 2023-24, at a remuneration of ₹ 85 lakhs (Rupees Eighty Five Lakhs only) payable in one or more instalments plus GST as applicable, and reimbursement of out-of-pocket expenses incurred.

The Company has received Consent and Eligibility Certificate from the proposed auditors to act as the Statutory Auditors of the Company, in accordance with the provisions of Section 139 and Section 141 of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014.

The details required to be disclosed under Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) are as under:

A. Proposed fees payable to the Statutory Auditor(s): ₹ 85 Lakhs payable in one or more instalments plus GST as applicable, and reimbursement of out-of-pocket expenses incurred for the Financial Year 2023-24 and

thereafter the Audit Committee and Board of Directors of the Company are authorized to revise the remuneration for FY 2023-24 (if required) and fix the remuneration for the rest of tenure of the appointment.

B. Terms of appointment: Appointment as Statutory Auditors of the Company for a period of 5 (five) consecutive years and hold office from the conclusion of 15th AGM till the conclusion of the 20th AGM of the Company, to carry out Audit of the Financial Statements, Annual Financial Results, Limited Review of the Unaudited Quarterly Financial Results etc., of the Company.

C. In case of a new auditor, any material change in the fee payable to such auditor from that paid to the outgoing auditor along with the rationale for such change:

There is no material change in the fee payable to M/s. B S R and Co as compared to previous year. However, the proposed fees is reduced as compared to the amount paid to the retiring Auditor during the Financial Year 2023-24, due to the revision of the financial Statements post approval of the Merger and increased effort towards the completion of audit. The proposed remuneration is commensurate with the size of the Company and nature of its business. The proposed remuneration is determined based on the recommendation of the Audit Committee which peruses the industry benchmarks in general, profile of the firm, scope of audit and other relevant factors.

D. Basis of recommendation for appointment: The Audit Committee and Board of Directors, at their respective meetings held on 29 May 2023, have considered various parameters like capability to serve a widespread business landscape as that of the Company, audit experience in the industry, market standing of the firm, clientele served, technical knowledge, governance standards, etc., and found M/s. B S R and Co suitable for this appointment and accordingly, recommend the same.

E. Credentials of the Statutory Auditor(s) proposed to be appointed: M/s B S R and Co ('the firm') was constituted on 1 September 2007 as a partnership firm having firm registration no. as 128510W. The registered office of the firm is at 14th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Centre, Western Express Highway, Goregaon (East), Mumbai- 400063. B S R and Co is a member entity

Campus Activewear Limited (formerly known as Campus Activewear Private Limited)

of B S R & Affiliates, a network registered with the Institute of Chartered Accountants of India. B S R and Co is registered in Mumbai, Gurgaon, Bangalore and Hyderabad. B S R and Co together with its member firms has around 4000+ staff and 200+ Partners. B S R member firms audits various companies listed on stock exchanges in India including companies in the Consumer sector. M/s B S R and Co holds a valid certificate issued by the Peer Review Board of ICAI.

Accordingly, consent of the members is being sought for passing an Ordinary Resolution as set out at Item No. 3 of the Notice for appointment of M/s B S R and Co as Statutory Auditors of the Company for a period of 5 (Five) consecutive years.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, is concerned or interested, financially or otherwise, in the Resolution set out at Item No. 3 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the shareholders.
